Transport
<ul style="list-style-type: none"><li>▪ Support integration of transport management system and management capacity building</li><li>▪ Support building of transport infrastructure to promote trade and boost tourism</li></ul>
Water Management and Sanitation
<ul style="list-style-type: none"><li>▪ Support capacity building for water resources and drinking water management</li><li>▪ Support supply of clean water in water-scarce areas for disease prevention</li></ul>
Rural Development
<ul style="list-style-type: none"><li>▪ Support modernization of agriculture and fishery sectors to increase income in rural households</li><li>▪ Support rural development in Northern and Eastern Provinces for balanced regional development</li><li>▪ Support building of integrative waste management capacity to improve living environment</li></ul>

### 2. Priority Sector: Higher Education

- Higher Education Initiatives to nurture high-quality human resources of Sri Lanka to support its vision of reaching Upper-Middle Income Country status
  - E.g., capacity building of educational administration, curriculum development, modernization of education facilities and teaching materials in TVET, NCoE, etc.
- To contribute to Sri Lanka's national goal of knowledge-based development by supporting Technical and Vocational Education and Training (TVET), employment of the youth and women, etc.
- To support succeeding projects of previous education projects supported by KOICA

### 3. Regional Target : Northern and Eastern Provinces

- To meet the development needs from war-affected population and contribute to reconciliation (focused on democracy, people, human rights, peace)
- To strengthen partnerships with international organizations (multi-bi projects) and civil-based organizations (public-private partnership projects)
  - E.g., building the administrative capacity, supporting marginalized women, etc.
